Melbourne Workshops
Adelaide Workshops
Brisbane Workshops
Launceston Workshops

These workshops will offer inspiration and practical knowledge in this Eastern approach to health and well being. By working through different movements that constitute each form you will learn the relationship between each movement and Chinese medicine theory. The gentle and flowing movements stimulate vital energy, creating harmony and health for both body and mind.

This workshop will be of interest to Qigong and Tai Chi practitioners at all levels, students of martial arts and anyone interested in the Traditional Chinese Health Systems.

Please go to our Qigong Forms page for more detailed information on each of these four forms.
